

1 Scope of Application, Definitions

- 1.1 These General Terms and Conditions of Purchase ("Conditions of Purchase") of Vibracoustic CV Air Springs ("we"; "us"; "our") shall apply, unless expressly stated otherwise or amended by mutual written agreement, exclusively to all purchase contracts ("Contract" and "Contracts") of all our affiliates, legal entities under public law and special funds under public law and to all orders ("Orders") placed and Contracts concluded with suppliers ("Suppliers"), governing the purchase of goods, materials, services and work performances ("Goods") and their delivery ("Delivery"). Our Conditions of Purchase have the content as qualified by way of the respectively applicable country annexes which are contained in Clauses 20-44 of these Conditions of Purchase and which shall - in case of any discrepancies - prevail over these Conditions of Purchase. Any terms and conditions set out by Suppliers conflicting with or deviating from our Conditions of Purchase will not be accepted and shall not be binding on us, unless the application of such terms and conditions has been expressly approved by us in writing. These Conditions of Purchase shall also be exclusively valid if we do not object to the incorporation of our Supplier's conditions in a particular case or if, even in recognition of contrary or supplementary terms and conditions of Supplier, we accept its Delivery and/or pay Supplier's invoice without reservation.
- 1.2 These Conditions of Purchase shall also apply to all Contracts which will be entered into at some point in the future, as of the commencement of contractual negotiations. These Conditions of Purchase also apply to all future business relations with Supplier, even if not explicitly and separately stipulated.
- 1.3 There are no oral side agreements to these Conditions of Purchase between the parties. Supplier agrees not to assign or delegate the performance of its duties hereunder without our prior written consent.
- 1.4 If any Clause of these Conditions of Purchase is or becomes invalid or unenforceable, the validity of the remaining stipulations shall not be affected. In such case, the invalid or unenforceable provision(s) shall be replaced by lawful provision(s) coming as close as possible to the purpose pursued by the invalid or unenforceable provision(s). The same shall apply in case of an omission.

2 Completion of Contract, Orders, Changes of Process

- 2.1 Any Contract with Supplier and all Orders shall be considered binding on us only if they are set down in writing. Any modification, addition or subsidiary agreement before, at or after the conclusion of the Contract also requires our written consent. The requirement of written form may only be waived in written form itself. Fax, email or remote data transmissions shall be tantamount to written form unless the provisions of law require another specific form for the validity and effectiveness of a particular action.
- 2.2 If Supplier does not accept our Order within two (2) weeks of receipt in writing, we shall be entitled to revoke the Order. Delivery on call shall be binding unless Supplier objects within three (3) working days of receipt. Any deviation from, modification of or supplement to our Orders shall only be effective if explicitly and separately indicated as deviation, modification or supplement and expressly approved by us in writing. If Supplier delivers to us without prior confirmation of the Order, Supplier shall be deemed to have accepted the terms of the Order as well as these Conditions of Purchase.
- 2.3 For the purpose of initiating Contracts, we will send a letter of inquiry to Supplier. Upon receipt, Supplier is obliged to check such letter for any defects, deficiencies or misconceptions (e.g. requirements under product liability or environmental law, accident prevention requirements, technical standards, regulatory obligations, practicality in technical terms etc.) and notify us in its offer accordingly and specify the relevant product information without further request no later than upon Delivery. In no way does our approval of any documentation (e.g. designs, drawings etc.) release Supplier from its warranty or liability hereunder.
- 2.4 The trade terms will be construed in line with the INCOTERMS issued by the International Chamber in Paris, 2010 edition.

- 2.5 All Goods are to be packaged and processed by Supplier according to the provided purchase specifications. In the event that Supplier intends to deliver any new or changed Goods, Supplier shall, at our request, provide samples of such Goods to us prior to the Delivery. After approval of samples or purchase specifications, further alterations of the Goods themselves (e.g. material, function, appearance etc.), their production methods or changes in process (e.g. manufacturing location, subcontractors, material suppliers etc.) are not allowed without our express written approval. Our final approval of samples does in no way affect our rights under these Conditions of Purchase or statutory law, as applicable.

3 Audit, Quality Assurance

- 3.1 Supplier shall, upon our request, prior to the start of a business relation with us participate in a qualification audit ("Audit"), which shall be executed by way of an on-site review of Supplier's facilities by members of our Global Purchasing department. We will provide written notice to Supplier of any unsatisfactory condition detected in the course of such Audit and, within two (2) weeks after receipt of such notice, Supplier shall provide a response in written form to us.
- 3.2 Supplier shall during the entire business relation maintain a quality management system according to DIN EN ISO 9001:2008 or ISO/TS 16949:2002 that ensure the proper quality of Deliveries, monitor the systems by internal audits in regular intervals and promptly take action if any deviation has been detected. Supplier shall also implement an environmental management system according to ISO 14001 and if not yet implemented Supplier take all efforts set up such environmental management system. Supplier shall report on its efforts on our request. We shall have the right to inspect Supplier's quality assurance and environmental management system with prior notice. At our request, Supplier shall permit us to examine certification and audit reports as well as inspection procedures including all test records and documents relevant to the Delivery.
- 3.3 Part of any Order placed by us or Contract between us and Supplier is our "Quality Assurance Measures for Procurement of Purchased Parts", as amended from time to time and published at our website www.vibracoustic-cvas.com/downloads. By accepting any Order placed by us or by entering into any Contract with us, Supplier declares to have read the "Quality Assurance Measures for Procurement of Purchased Parts", to have full and complete understanding of its contents, effects and consequences and to accept to comply with the referred measures.
- 3.4 Supplier is obliged to review and comply at all times with our respectively effective quality system requirements that are being periodically updated, revised and amended by us, and which will be made available to Supplier; as well as to comply with additional requirements upon which both parties mutually agree in writing.

4 Delivery, Dates of Delivery, Delivery Time

- 4.1 Delivery dates specified in the Contract or the Order or otherwise agreed upon are binding and must be strictly met. The delivery date is defined as the date the Deliveries are received at our manufacturing plant specified in the Contract or Order. Supplier shall promptly notify us in writing of emerging delays in meeting Delivery dates and deadlines, explaining the reasons for the delay and specifying how long the delay is expected to last.
- 4.2 In addition to other rights and remedies we may have in the event of Deliveries after the agreed Delivery date, we may choose to cancel the delayed Order without any obligation or liability and contract a third party instead of Supplier. Only if and to the extent that Supplier cannot be held responsible for specific disruptions (e.g. disruptions caused by Force Majeure events, i.e. not disruptions of Supplier's own supply, production or distribution services), Supplier will be excused for delays. The term "Force Majeure" means an event or circumstance that is beyond the reasonable control of Supplier, and which by its nature could not have been foreseen by Supplier or, if it could have been foreseen, was unavoidable.

- 4.3 Deliveries by installments and premature Deliveries shall be allowed only with our express prior written consent. Upon our request, Supplier will halt shipments and Deliveries for specified periods. We cannot be held liable for manufacture of Goods by Supplier in advance of the agreed schedule. Delivery of excess quantities does not oblige us to take, store or maintain such excess quantities but can be responded to by returning any such excess quantities to Supplier at its expense. Payment claims, however, shall be due no earlier than on the Delivery date that has originally been agreed upon.
- 4.4 Unless otherwise agreed upon, Deliveries must be accompanied by a Delivery note and a works test certificate according to EN 10204:2004 or any other equivalent internationally recognized test certificate specifying the details as mutually agreed upon with Supplier. An initial sample test report must be furnished with first-time Deliveries.
- 4.5 On-site Deliveries are only possible at previously arranged times.
- 4.6 In case of delayed Delivery we shall be entitled to impose a contractual penalty of 1% as liquidated damages for each commenced week of delay, but no more than a total of 5% of the Order value, while Supplier shall have the right to furnish evidence that no or only slight damage was caused. The right to assert additional damages shall be reserved. We shall be obligated to declare a reservation of contractual penalty no later than upon payment of the invoice following the delayed Delivery.
- 4.7 An unreserved acceptance of delayed Deliveries does not imply a waiver from our right to claim damages based on such delay. Any additional legal or equitable rights will remain unaffected. In particular, we reserve the right to claim damages exceeding the amount of the liquidated damages.
- 4.8 If not agreed otherwise each delivery shall be performed according to DAP (Incoterms 2010). Part of any Order placed by us or Contract between us and Supplier are our "Logistics Requirements for Suppliers", as amended from time to time and published at our Website www.vibracoustic-cvas.com/downloads.
- 4.9 Supplier shall inform us immediately, if any deliverable or performance is subject, in whole or in part, to export restrictions under foreign trade rules, exchange control regulations or the terms of international embargos or export restrictions.
- 5 Place of Performance, Packaging, Passage of Risks, Acquisition of Ownership, Execution of Delivery**
- 5.1 The place to which, according to the Order, the Goods have to be delivered or where the service is to be performed shall be the place of performance. Place of performance for our payment is the registered office of our principal place of business (registered office) in the country from which the Order is issued.
- 5.2 On Supplier's account and at Supplier's risk the Delivery shall be properly packed and made, "Delivery at Place", to the address named by us in the Order. Packaging must protect the Goods against damaging and deterioration in transit, be in compliance with relevant packaging regulations especially in respect to environmental and recyclable aspects, specify our Order number, the content (kind and quantity) of the Order, as well as special handling or storage requirements (e.g. flammability, toxicity, corrosiveness etc.) of the delivered Goods. The risk of accidental perishing or accidental deterioration of Delivery will pass on to us only with receipt of Delivery by us or by a forwarding agent appointed by us at the place of performance or after final acceptance of the Delivery, whichever comes later, even if we have agreed to pay the freight charges.
- 5.3 With the passage of risk at the place of performance or with Delivery to a forwarding agent independently appointed by us we shall acquire ownership of the Goods without reservation of any rights to the benefit of Supplier.
- 5.4 Supplier guarantees the future availability for a period of fifteen (15) years after Delivery for Goods that are to be used in original equipment automotive parts (e.g. spare parts or other material necessary for remedial work) and for a period of seven (7) years after Delivery for material used for Goods used in all other parts. Supplier must be able to procure maintenance for Goods for a period of four (4) years after end of (series) supply. All other services must be available for a period of four (4) years after expiration of warranty.
- 5.5 Any employees of Supplier or of a third party acting on behalf of Supplier, who, in delivering, installing, demonstrating or maintaining the Goods of Supplier on our premises, do so at their own risk and must at all times comply with applicable safety rules and regulations and adhere to safety instructions of our staff. The foregoing does in no way establish any employer's managerial authority on our part with regard to such employees, nor does it confer any other responsibility on us with regard to the services to be performed by Supplier on our premises.
- 6 Prices, Invoicing, Conditions of Payment, Retention Rights, Assignments, Competitiveness**
- 6.1 Prices specified in the Order are fixed prices. Prices are DAP (INCOTERMS 2010) and include packaging and costs for the disposal of packaging, the return transport of exchangeable containers as well as insurance and other costs of Delivery, unless stipulated otherwise in writing. Value Added Tax, service taxes or any other applicable taxes must be shown separately, otherwise it will be deemed to be included in the price.
- 6.2 In case Supplier is responsible for erection, assembly and/or commissioning and no other provisions have been agreed upon in writing, Supplier shall bear all necessary costs, such as travel expenses and provision of tools.
- 6.3 Invoices will be processed only if we receive them by separate mail. Each Order must be invoiced separately without delay after the shipping of the Goods. Invoices must include the Order number specified in our Order, Order date, Supplier number and our item number, all highlighted for easy readability.
- 6.4 Payment maturity dates will be suspended in the event that we are entitled to object to the Goods delivered or works performed by Supplier.
- 6.5 Invoices must be made out in EUR, payments will be made in EUR only, unless otherwise requested or agreed to by us in writing or required by mandatory law.
- 6.6 Payment will be made at our sole discretion either by bank transfer, cheque and/or bill of exchange after acceptance of Delivery and receipt of an orderly invoice as well as after receipt of all documents pertaining to the Delivery. Unless otherwise agreed upon in writing or stated differently by mandatory law, we shall pay either within 14 days with a 3% discount or within 90 days without discount. In the event that delays occur due to a form of sending the invoices different from such as stipulated in Clause 6.3 of these Conditions of Purchase, our rights, in particular the right to apply discounts, remain unaffected.
- 6.7 Supplier shall not be entitled to assign or otherwise dispose of its claims wholly or partly against us without our prior written consent. Supplier is not entitled to set-off payments against counter-claims, unless such counter-claims are undisputed or subject to a legally binding court decision.
- 6.8 We shall be entitled to claim statutory setoff and retention rights.
- 6.9 As we aim at supplying our customers with the highest quality of products at the lowest possible cost, any Goods delivered by Supplier must, at least, be equivalent to comparable goods, materials, services and work performances of competitors in terms of quality and price. In the event that a competitor of Supplier offers any Goods at better quality or lower price, Supplier shall, within 30 days following our respective request, provide us with a new offer that, at least, matches such competitor's conditions.

7 Liability for Defects, Other Liability, Recourse

- 7.1 The Goods are defective and Supplier agrees to indemnify us against and pay all damages of any kind, including but not limited to retrofitting and recall campaign expenses and incidental and consequential damages, in the event that the Goods (a) do not comply with the requirements under applicable law; (b) do not conform to drawings, materials and specifications designated and with all samples approved by us; (c) are not packaged and marked in conformity with the requirements set out in Clause 5.2 of these Conditions of Purchase; (d) are not new, unused, best available technology, merchantable and first-class materials and workmanship, safe, and free from defects, contamination and rust; (e) to the extent Supplier knows or has reason to know of the purposes for which the Goods are intended, are not suitable for the intended purposes; and (f) if designed by Supplier are not free from defects in design.
- 7.2 We will inspect the delivered Goods on the basis of accompanying documents only for identity and quantity as well as for visible transport damage as the case may be, on the basis of sample checks only. We will notify Supplier about defects of the Delivery once discovered in the ordinary course of our business within an appropriate time of at least five (5) working days after the defect has been detected. If we comply with the aforesaid, Supplier hereby waives its right to object to the notification of defects on grounds of delay.
- 7.3 Unless stipulated otherwise in this Clause 7, Supplier shall be liable according to the applicable legal provisions, in particular for defects of the Delivery, whereas this liability is in no way limited or disclaimed with respect to cause or amount, and insofar shall indemnify and hold us harmless from and against any third party's claims.
- 7.4 In case, the applicable legal provisions foresee different types of subsequent performances (e.g. repair or replacement), we shall be entitled to choose the type of subsequent performance to be executed, unless Supplier has a right to refuse the type of subsequent performance chosen by us under applicable law and exercises such right
- 7.5 In the event that Supplier fails to remedy the defect within a reasonable time-limit as set by us, we shall be able to remedy the defect ourselves and demand from Supplier compensation for the expenses necessary for this or an appropriate advance payment. A deadline shall not be necessary in the event that supplementary performance by Supplier shall be abortive or unacceptable for us (e.g. on account of special urgency, operating safety hazard or imminent occurrence of disproportionate damages); Supplier shall be informed of this immediately, if at all possible in advance.
- 7.6 We reserve the right to assert all legal and equitable warranty claims also in the case any given defect remained unknown to us upon completion of Contract as a result of gross negligence, where we accepted Deliveries even though we were aware of minor defects or where our inspectors approved or failed to inspect Supplier's obligations under Clause 7.1 of these Conditions of Purchase.
- 7.7 Unless otherwise agreed upon individually or governed by legal provisions that call for extended periods, claims for defects shall lapse 24 months after selling our product to the consumer, but - unless otherwise agreed upon by way of individual agreement - no later than 60 months after the passage of risk according to Clause 5.2 of these Conditions of Purchase, or in case of work performance 48 months after the written final acceptance. This shall not apply to Deliveries that, consistent with their common application, are used in buildings and have caused the latter's defectiveness; in that case claims will lapse five (5) years after such use.
- 7.8 We reserve the right to take recourse against and are entitled to compensation from Supplier for all costs incurred by us if we are obliged to take back any product from our customers, if the purchase price paid to us is reduced by our customers, or if any other claims are asserted against us due to defects attributable to Supplier.

7.9 In addition, Supplier shall exempt us from any third-party claims related to deficiencies in title if Supplier can be held responsible for the deficiencies in title. The limitation period mentioned in Clause 7.7 of these Conditions of Purchase shall apply.

7.10 For every defect detected by us during the incoming inspection process Supplier shall pay to us an administration fee in the of amount of EUR 75 for the processing of such defect.

8 Product Liability, Recall, Insurance

8.1 Supplier assumes full responsibility for, indemnifies and holds us harmless from and against any liabilities and third party claims arising out of the death of or injury to any person or damage to property, if and to the extent the causes for this lie in Supplier's domain. Within the scope of this provision Supplier is also obligated to reimburse us for all expenses that are incurred by or in connection with a recall action or any other measure reasonably initiated by us. Supplier will be - to the extent possible and reasonable - (1) informed about the content and scope of the recall measures to be performed and (2) allowed opportunity for comment. The foregoing also applies in case that - after due consideration - we have settled or adjusted any such third party claims.

8.2 Supplier and Supplier's subcontractors must provide evidence in adequate form (e.g. certificates) to us, (1) verifying that they have secured satisfactory insurance coverage as to (a) worker's compensation; (b) commercial general liability(including products liability at a minimum - per each individual instance of liability - of EUR 1,000,000 or the equivalent in the currency of the country from which the Order is issued); (c) completed operations and contractual liability; (d) all risks property (including, but not limited to, coverage for tools provided by us or maintained by Supplier and owned by us); and (e) liability and damages incurred in connection with automobile accidents (= comprehensive automobile insurance coverage) and (2) showing (a) the amount of coverage; (b) the policy number; (c) the date of expiration; (d) with regard to product liability coverage, that we or are named as an additional insured. Supplier may only terminate or modify insurance coverage after having informed us in advance and having provided evidence of new equivalent coverage to us. However, in no way shall our claims be limited to the amount insured.

9 Industrial and Intellectual Property Rights

9.1 Supplier guarantees that, to Supplier's knowledge, neither the Goods nor their use infringe or contribute to the infringement of industrial or (other) intellectual property rights or other rights of third parties nor violate legal or official regulations of whatever kind. Supplier also guarantees that the Goods delivered by it do not contain CFC, PCB or asbestos. Supplier shall keep track of and comply with our respectively effective restricted substances management which will be made available by us in any form and made accessible to Supplier and as may be amended by us from time to time. Supplier shall undertake to provide, at our request, all relevant IMD system data at no charge. Supplier is obliged to defend, protect, hold harmless and indemnify us, our successors and assigns, our customers and users of our goods, from all loss and damage, whether direct or consequential, as to any claim or demand based on or arising out of infringement or an allegation of infringement and, after notice, to defend at Supplier's own expense any suits arising from such claim.

9.2 If Supplier can be held responsible for a breach of the guarantee in the foregoing Clause 9.1 of these Conditions of Purchase, Supplier shall indemnify us from all and any claims lodged against us by third parties for reasons of or in connection with the Goods or their use; the limitation period mentioned in Clause 7.7 of these Conditions of Purchase shall apply accordingly.

9.3 Supplier agrees to provide a completed "US Customs Form 434 - North American Free Trade Agreement Certificate of Origin" for all parts that have an origin of USA, Canada, or Mexico; and for parts with origins other than USA, Canada or Mexico, to provide and properly mark the country of origin of each part.

10 Ownership of Intellectual Property Rights

10.1 Any information, formulations, drawings, models, tools, technical records, procedural methods, software as well as other technical, commercial or creative know-how made available by us or acquired by Supplier through us during or because of the business relationship will remain in our ownership and must be surrendered to us on our request at any time, but in no case later than at the end of the business relationship (including any copies, extracts and replicas), or by our choice must be destroyed at Supplier's cost. Supplier, thus, has no right of retention thereto. In addition to the foregoing, Supplier must comply with the confidentiality obligations as set out in Clause 12 of these Conditions of Purchase.

11 Reservation of Ownership, Provision of Tools to and from Supplier

11.1 We shall reserve the ownership of goods provided by us (e.g. parts, components, semi-finished goods).

11.2 Reservation of ownership shall also apply to Goods resulting from the processing, mixing or combining of our Goods in their full amount, whereas these processes are performed on our part so that we are considered as manufacturer. If third-party ownership rights extinguish after processing, mixing or combining with Goods from those parties, we shall acquire joint ownership at a ratio of the objective value of those goods.

11.3 Tools made available to Supplier as well as tools manufactured by Supplier itself or ordered at a third party on our behalf, to the costs of which we have contributed, shall remain our property or shall pass into our ownership upon manufacturing and/or acquisition by Supplier, must be clearly indicated as our property and shall not be removed from the Supplier's premises without our prior written consent. Without any written and explicit agreement being concluded for such purpose, we do not transfer any rights or licenses in connection with such tools when Orders are placed or Deliveries are accepted.

11.4 Supplier shall hold our tools in custody on our behalf at no charge, insure them adequately and furnish evidence of insurance cover at our request. Supplier shall use the tools exclusively for the purpose of manufacturing parts for us, unless otherwise agreed upon. We hereby grant our prior approval to manufacture parts based on Orders placed by any of our affiliates different from the one that had placed the original Order.

11.5 Supplier shall ensure proper maintenance and repair of the tools provided at its own cost. At the end of Contract Supplier shall surrender the tools without delay at our request while no right of retention may be derived by it. Upon surrender the tools must be in apparent good order and condition corresponding to their earlier use. Costs of repair shall be borne by Supplier. In no case may Supplier scrap the tools without our prior written approval.

11.6 In the case Supplier provides tools (e.g. special dies, jigs, patterns etc.) to us, which are included in the price paid for the Goods, then such tools become our property and we are granted all rights and licenses thereto after payment. Supplier is obliged to maintain, repair and replace where needed such tools at its expense except for the actual costs caused by a change of our design or specifications, in the event that such change is made prior to the exhaustion of the useful life of the tools. We may transfer or dispose of such tools at our discretion once the Order has been terminated. We shall have the right to take possession of, including the right of access for such purpose, any such tools without any liability to Supplier. We may, at our discretion, purchase from Supplier at book value any tools that we have not already acquired ownership of by (direct) payment or amortization in the price of purchased Goods. Any partial amortization shall be credited to us in determining the fair market value price. Supplier is, whenever applicable, responsible for reducing the price of Goods purchased according to the Contract when the amortization period for tooling and/or equipment is complete.

The Supplier warrants that the tools provided, manufactured or created in connection with the performance of its contractual obligations will not infringe or contribute to the infringement of any third party's right and in particular of any intellectual property (including but not limited to: copyrights, droits d'auteur, patents, trademarks, designs, models, design patents, rights of database creators).

12 Confidentiality, Documentation, Data

12.1 Any information, formulations, drawings, models, tools, technical records, procedural methods, software as well as other technical, commercial or creative know-how made available by us or acquired by Supplier through us, and also any work results thus obtained ("Confidential Information") shall be maintained in secrecy by Supplier towards third parties, may be used in Supplier's business exclusively for Deliveries to us, may not be used for Supplier's own purposes or for any other purpose and be made available only to such persons as need to have access to Confidential Information in connection with the business relation and have therefore been obligated to maintain secrecy. This provision also extends beyond the duration of contractual relations so long as Supplier fails to prove that the Confidential Information was known to it already or was in the public domain at the time it was acquired or was made public later without its fault.

12.2 Supplier also has to maintain secrecy about the supply relationship to us and requires our prior written approval for indicating to third parties that Supplier is furnishing Goods to us.

12.3 Supplier is obliged to keep the documentation relating to Goods for at least fifteen (15) years after the date of Delivery and to provide such documentation to us upon our written request

12.4 We are entitled to process any information, documents or any other data obtained in connection with the business relation to Supplier for our own purposes.

12.5 The parties reciprocally authorize the personal data treatment within the scope of the Contract in accordance with the applicable data protection law provisions.

13 Environmental Compatibility

13.1 Supplier warrants that the Goods comply upon Delivery with up-to-date environmental standards, i.e. all applicable regulations regarding the supplied Goods (including all used materials). Supplier shall provide all information required by such regulation and/or upon our request. Supplier shall be responsible, where physically possible; to take its Goods back for the purpose of recycling them within the scope of statutory duties or to dispose of them in an environment-friendly manner. Supplier shall keep track of and comply with our respectively effective restricted substances management which may be made available at our website www.vibracoustic-cvas.com7downloads or be published by us in any other form and made accessible to Supplier and as may be amended by us from time to time. In the event that we are subject to any liabilities, cost, damages, fees, fines, etc. due to a violation of any of the obligations mentioned in this Clause 13 by Supplier, Supplier will indemnify us. Supplier shall support our defense in the event of administrative procedures against us due to Supplier's Goods including materials/substances used therein, and provide all reasonable information needed and/or requested by any authority and/or us for such defense.

14 Paperless Communications

14.1 Upon our request, Supplier will use electronic data interchange communication (EDI). All EDI communication that is properly issued and verified will have the same legal effect as if it were transmitted on paper in writing

15 Cancellation of Order

15.1 We reserve the right to entirely or partially cancel an Order in the event that (1) Goods (a) are defective; (b) are not shipped according to the specifications in our original or subsequently amended Order; or (c) deviate from agreed specifications or provided samples; (2) Supplier (a) breaches or does not comply with any provision of these Conditions of Purchase; (b) does not perform any of its promises or warranties in connection with the Goods; (c) does not issue a new offer according to Clause 6.9 of these Conditions of Purchase; (d) becomes insolvent or commits an act in insolvency/bankruptcy; (e) is subject to filing of a voluntary or involuntary petition in insolvency/bankruptcy; (f) has legal proceedings instituted for the appointment of a receiver or trustee; or (g) suspends, or threatens to suspend, payment of its debts, or is unable to pay its debts as they fall due or admits inability to pay its debts; (3) Supplier's ability to perform is, in our reasonable judgment, endangered or impaired due to Supplier's condition; or (4) at our discretion, provided that in the event of such cancellation at our discretion, we pay Supplier's reasonable costs incurred up to the date of cancellation.

We may, at our discretion, at any time issue written change Orders in which we are entitled to make changes as to (1) ordered quantities of Goods (2) the drawings, designs, or specifications relating to the Goods covered by the respective Order (3) the details of shipping, packing, and/or (4) the place of performance. In the event that the date of Delivery, the manufacturing costs for the Goods (including the costs for performing services), are affected by such changes, we will make equitable adjustments to the purchase price, the Delivery schedule or both.

16 Ethics Policy

16.1 Our agents and employees must not encourage or accept bribes, kickbacks, inappropriate gifts or entertainment. Supplier is obliged not to induce - and not to have induced in the past - our agents and employees to any such action, whether legal or illegal. We reserve the right and Supplier hereby permits us to audit any of Supplier's records that are deemed necessary by us to ensure compliance with this Ethics Policy. Supplier keep track of and comply with our Code of Conduct which may be made available at our website www.vibracoustic-cvas.com/downloads made accessible to Supplier and as may be amended by us from time to time.

17 Compliance with Law

17.1 Supplier and Supplier's subcontractors are obliged to comply with all effective and relevant legal provisions (e.g. laws, regulations, directives, guidelines, rules, orders etc.), conventions, ordinances and standards of the country/countries of origin and destination of the Goods which govern their manufacturing, labeling, shipping, transportation, importation, exportation, licensing, approval or certification, including, but not limited to those relating to environmental matters; hazardous chemicals; data protection; hours and conditions of employment, wages; subcontractor selection; discrimination; occupational health/safety and motor vehicle safety and to provide all information necessary by such norms and/or requested by us. Supplier's and Supplier's subcontractors are obliged to maintain own compliance rules as to the aforesaid that satisfy local regulatory requirements.

17.2 Supplier and Supplier's subcontractors must not facilitate or utilize any form of forced or involuntary labor, nor engage in abusive worker treatment or corrupt business practices and provide, at our request, written certification of Supplier's and Supplier's subcontractors' compliance with the foregoing to us. Supplier shall indemnify and hold us harmless from and against any liability, claims, demands or expenses (including attorney's or other professional fees) arising from or relating to Supplier or Supplier's subcontractors' noncompliance with the obligations in this Clause 17.

18 Waiver, Modifications, Changes of Order

18.1 Any waiver of a breach of a specific provision of these Conditions of Purchase is exclusively limited to this specific breach and does not entail a waiver of any other breach. These Conditions of Purchase may be amended or modified at any time by us only. The Conditions of Purchase are applicable in their respectively current version being available at www.vibracoustic-cvas.com/downloads which Supplier is obliged to keep track of and download.
